There was a called meeting of the City Council last night to consider the proposition of the meeting of boadholders, here offer acrice i in

the Gazette. BOARD OF ALDERMEN.

This Board met at 7.30 o'clock with five members present. The communication from the Mayor, stating

the object of the meeting, was read. Also a communication from the bondhalder and an act in pursuince thereof, proposed to be offered to the General Assembly for their action.

Mr. Rishiell moved that the General Assembly

bly be requested to pass the bill. Mr. Strauss seconded the motioe, but thought that the interest should be limited to not more

Mr. Downbam thought that was an open

question and should be felt so. Mr. Marbury said that this was proposed as a compromise measure, and if the rate of interest was fixed, there would be no empromise sbout it. It would be entirely in the power of the City Council to fix the rate hereafter. Some of the oreditors might object and make it needs sary to put the rate a little higher than three per cent. At any rate it would leave the Council in tall eastrol. Mr. Strauss again urged his views and offered

an amendment in accordance with them. Corporation Attorney Stuart said that he did not draw the act, as Corporation Attorney, but merely at the request of those present at the meeting of bonduolders. It had been proposed at that meeting to fix the rate of interest, but

thought it better to make no limitation and thus increase the chances of succ st. Mr. Stranss still insisted on his amendment and urged the fixing of the rate of interest. Mr. Downlam said the General Assembly ens in session, and would not remain so long, and it was important that this measure should

some of the most ardent friends of city there

be brought at oces before them. Mr. Straus:' amendment was unt seguicit and the resolution of Mr. Richard was upsatmously adopted.

# COMMON COUNCIL

There was a well attended called accepte of this Board last night, and after assembling a recess was taken until the Alderman completed their action on the business to enouder which the Boards had been convened.

About 8:15 the Aldermon communicated to the General Assumbly to assent the debt com-

premise bill.

Mr. Latham -1 rise to ask you, sir, if, is your opinion, the number of members here present can pass the resolution.

The chair was of opinion that it would take twelve votes to pass the resolution. | I have were not twelve present. ]

THE ARLINGTON CASE -The suit of G. W. C. Lee vs. Kauffman et als., involving the possession of the Arlington estate in Alexandria from \$2.50 up to \$30, at Karzenstein's, 310 county, was taken up in the U.S. Circuit Seventh street, Washington, D. C. Court to day. The array of legal talent was large and brilliant, and a large number of spee

tators were without the bar. The entire morning was occapied in the prep aration of papers and consultations amongst the counsel, and the court was not opened until 1:45 o'clock, when Judge Robert W. Hugaes alone took the bench. It had been expected aways perfect? don't fe that Chief Justice Watte and Judge Bond, LEY'S YEAST POWDER. more especially the latter, would be present

but peither of them strived. Of counsel there were present Judge W. J. Robertson, of Charlottesville; Mei. L. R. Page, of Richmond; S. Ferguson Beach and F. L. Smith, eigs., of this city, for Gen. Lee, and District Atterney L. L. Lewis and Julge W.

Willoughby for the defendants.
The court was opened at the hour above named, and Judge Hughes announced his readiners to proceed with the case.

Mr. S. F. Beach for the plaintiff submitted a motion for the summoning of a special jury as allowed by both State and Federal statutes. Major Page, on the same side, said there were questions of law which they were willing to submit to the court if the other side were

agreed. Judge Willoughby, for the defense, said he thought it better that those matters should come up in regular course. As to the motion for a special jury, the court could exercise its

discretion, but his eide did not consent thereto without reasons were given.
Judge Robertson, for the plaintiff, said several jurymen on the present panel, they were in formed, were effice holders under the Federal Government, which was defending this suit,

and it would, in his orinion, be untair to them and to the defense to have those parties sit on this jury. Judge Willoughby merely wished to be

understood as not consenting to the motion for a special jury and excepting thereto. Judge Hughes read from the United States and State laws on the subject and decided that the plaintiffs had the right to ask a special jury and entered an order directing the marshal to summon a special jury for to morrow at 11 a. m., consisting of W. N. Berkely, Walter Walton, W. H. Smith, D. P. Smith, J. J. Moran, R. C. Fitzbugh, H. L. Stuart, A. H. Roberts, Constitution of the state of the sta George Wisc, A. M. Allen, R. B. Roosa, A. Moore, J. H. D. Smoot, G. E. Price, John E. Febrey, O. F. Baggett and J. W. Saner.

The court then adjourned until to morrow at 11 o'clock when the special jury will be am

pannelled and the case will proceed The panel to which of jetion was made, one Richmond; W. N. Berkely, Wm. H. Smith, Henry L. Stuart, and Geo. Wise, Alexandria; Jaz. B. Kirk and A. M. Adeu, Culpeter; Walter Walton, D. P. Smith, J. J. Morae and A. H. Roberts, Fairfax; J. W. Sener, R.

FAIRFAX COUNTY COURT,-The January term of the Fairfax County Court commenced on Monday, the 20 h iest., Judge Sangster presidi g. A spreial grand jury was summon-ed with W. A Dancan foreman. A mae 111 was found against Thes. Finder, colored, for horse steeling. The attention of the grand than three per cout, and be sustated to the jons was called to a veral other matters, but as they were of a trivial character, threats of as soult, &c., and some petty annovances to over sensitive people of the "crustd;" and reforma-tory order, it was deemed by the jurors better to let such things settle themselves than put the county to the expense of trying them. No other busicess of importance was transacted.

OYSTERS .- We learn from the Tappahannock Index that the late cold spell has occasioned considerable loss to the orster planters along the river. The northerly winds which preveited during the cold weather, caused the ile to fall to lew as to leave many of the beds xpesid, and they are consequently a total loss, the cysters having been killed by freezing,interruption to navigation has produced a society to the market and they command a high price. HOUSE OF REPRESENTATIVES.

Immediately after the reading of the Journal, which occupied an hour, Mr. Potter, of N. Mr. Stephens, of Ga., from the Committee on Column introduced a bill to sutherize the column of the golind metric dollar, five dollars and fractions of a dollar. Referred.

Mr. Gause, of Ark., from the Com mittee on Pab lie Lands reported back Sepate amendments to the House bill, sui i e log Fort Wayne military reservation in Arkansas to entry. Concurred in.

The House then proceeded to the consideration of the cypher disputch resolution.

Mr. Bolter, of Massachusetts, opposed the resolution on the ground that Congres had no jurisdiction over the private correspondence of any body, and he was a private man who had no public position. Besides Concress should not take part in the slander of any public man to satisfy the curiosity of anyhady in the House or or out of it.

Mr. Bather continued his opposition to the resolution. The result of appropriating the money for the investigation would be to stir up something which had better not be seen or falt or smelt. It would be far better to give the position and effects, physicians use the Cherry \$10,000 to a poor workingman's family. a private person.

Mr. Hale, of Maine, fellowed in support of the resolution. Now that the machine had been started and set in metics let it roll on and make investigation into both sides of the question. He had some sympathy for that simple hearted old gentleman in New York who had been taken from his privacy and thrust upon the country as a presidential candidate who had become the aposile of reform, and, who had remained in his closit awaiting the verdict of the American people, taking no hand or part in the notable campaign. He had been summoned by Confederates and co parceners and nephews. [laughter] who had attempted to purchase electoral colleges and the simple hearted old man should have an opportunity to come before Congress and protest his character from med close around him who had attempted to besmirch it.

Mr. Conger, of Michigan, followed, and the debate was continued.

THE CHARGE AGAINST MR. SEWARD. The House Committee on Expenditures in the State Department to-day resumed the investigation ioto the charges preferred against George F. Saward, while minister to China. THE TOBACCO TAX.

The Senate Committee to day made further progress in their consideration of the details of the House bill amendatory of the In-ternal Revenue laws, but again failed to reach the clauses which provides for reductions in the rate of texation on tob-cc; and cigars. The only persists of this volumineus bill that bave yet been acted upon by the Committee, are these which relate whelly to the machinery of collection, etc.

FOREIGN BUILT SHIPS

The House Committee on Commerce heard arguments to day from ex-Representative Lynch, of Maine, Representative Word, of Pennsyiva nia, and Mr. Calkies, of New York, against the bill giving togisters to foreign built ships Burchased by American citizens. The commit-tee will probably recommend that the bill be postponed indefinitely.

SUFFERING FOR A LIFE TIME, - Persons ifflicted with rheumstism often suffer for a life time, their tertures being almost without remis-sion. The joints and muscles of such unfortu nates are in most cases shockingly contorsed and drawn out of shape. To afford them even tem-perary rollef, the ordinary remedies often prove-ulterly useless. Hestetter's Stomach Bitters, on the other hand, is avouched by persons who have authorize the Chare flor of the Smithsonian used it, to be a genuine source of relief. It keeps Itstitute, to appoint an ic log Secretary in the blood cool by promoting a regular habit of body, and removes from it impurities which, in the orinion of all rational pathologists, crigin-ate this agonizing complaint and its kindred inslady, the gout. Besides this the Bitters remedy disorders of the stomach liver and herves prevent and eradicate intermittent and remittent fevers, promote appetite and sleep, and are highly recommended by physicians as a desira-ble medicinal stimulant and tonic.

IN THE WHOLE HISTORY OF MEDICINE no preparation has ever performed such marvelous cures, or maintained so wide a reputa-tion, as AYER'S CHERRY PECTORAL, which is recognized as the world's remedy for all diseases of the threat and lungs. Its long continued series of wonderful cures in all climates has made it universally known as a sofe and reliable agent to employ. Against ordinary colds, which are the forerunners of more serious disorders, it acts speedily and surely, always relieving suffering, and often saving life. The protection it affords, by its timely use in the throat and lung disorders of children, makes it an invaluable remedy to be kept always on hand in every home. No person can afford to be without it, and those who have once used it never will. From their knowledge of its comers. E S. Leadbester & Bro., Agents.
